

## TREKKING EXPEDITION TO GEORGIA:

THE MOST BEAUTIFUL TREKKING IN GEORGIA – FROM **OMALO** THROUGH **SHATILI** TO **STEPANCMINDA**  
THROUGH THE MAGICAL AND MYSTERIOUS **MOUNTAINS OF THE CAUCASUS** + EXPEDITION TO **MT. KAZBEK** (5054 M)

# THE PLAN OF OUR EXPEDITIONS

The most beautiful trekking route in Georgia, which leads through two of the wildest regions of the country: Tushetia and Khevsureti.

During this trekking, we will drive off-road vehicles along the most dangerous way in Georgia and the highest passable pass of the country, namely the Abano Pass (2850 m), and then we will cross the Atsunta Pass (3431 m) and the Chaukhi Pass (3338 m) on our feet. On the trekking route we will meet the inhabitants of the region, mysterious shepherds, and we will get to know local beliefs and traditions. There will be no time to rest from the breathtaking views. What is more, we will look at the mythical Kazbek and rest in the Truso Valley, which will delight us with its colors. For a dessert we will climb Mt. Kazbek (5054 m.)

## DAY 01

## EXPEDITION PLAN

In the morning (5:00 am – 6:00 am) we meet in Tbilisi (at the airport or in the city center). You need to get there on your own. Of course, we can help you in organizing a good air connection and transfers from other parts of Georgia. If you do not have your trekking equipment with you, you can rent everything you need – sleeping bag, tourist cookers, trekking poles etc. with us and we will deliver equipment to our meeting place in Tbilisi. In our office you can also buy gas for tourist cookers and lyophilized products. Straight from Tbilisi, we drive to Omalo by off-road car (approx. 7 hours of travel, but on the way we see amazing views that compensate for a long journey - we pass, among others, through the Abano

Pass, which rises to a height of 2850 m!). By the way – shopping at the supermarket, because Tbilisi is the last place where you can find shops (there are no shops in Omalo). In Omalo – accommodation in a guesthouse, rest, free time to visit the Keselo Fortress and relax in the Omalo countryside. In the evening – dinner with wine. We spend the night in Omalo in the guesthouse.

This historic complex consists of about 60 towers that are connected with walls or piers. Towers standing outside often have wooden

balconies. The whole complex creates a compact, spectacular fortress. On our way to Shatili we pass beautiful Georgian towers in Mutso, shepherds' huts, abandoned villages and „houses of the dead“. Overnight and dinner in the Shatili Fortress, so it is an adventure in itself, because we will sleep in place from the 12th century!

In our guesthouse you can leave a deposit for the time of the peak attack (everything that you will not need in the mountains). Then (at 12:00 pm) we start our journey to the top of Mt. Kazbek. We can get to the hill, where the church of the Holy Trinity is located and where the route to Kazbek begins (2170 m) on off-road vehicles. Our main luggage will be packed there and transported straight to the Meteo Station. We will travel with small backpacks from

now on. The estimated trekking time for this day is 3 – 4 hours. After this time we set up the first camp (tents) in which we stay for the night – 3100 m. Important: Horses with main luggage go directly to the Meteo Station. You will not get there until the next day, so in small backpacks you must have everything you need during two days (the first day 3-4 hours of trekking + night in tents and the second day - 3-4 hours of trekking). Mountain Freaks are true professionals and do an amazing job. Fantastic team with a lot of passion for the business and for the clients.

Me and my wife did a private expedition to Kazbek without any previous experience. Preparation was easy and communication was smooth. They have many blog posts and detailed explanations about the expeditions on their website and social media as well. Our guide Ramazi was excellent and easy to communicate with. Very much recommended for anyone with a thirst for adventure!

**Positive:** Professionalism, Quality, Responsiveness, Value

We joined an expedition to mount Kazbek recently and had the experience of a lifetime. In the months leading up to the trip Aga fielded dozens of questions and during our stay she continued to oversee every aspect. Our expedition leader Ewa was clear and extremely knowledgeable in the mountains. Our guide Lexo was literally a life-saver. All the staff were helpful and patient. Highly recommended. N.B. if you need to rent gear do so early as there is limited availability.
